TRIVIA

We never throw
Away, you know,
A nut or bolt or screw;
We keep them in
A coffee tin
In hopes they'll sometimes do.

And when one day
We need, let's say
A nut to do a chore,
We find precisely
What does nicely--
At the hardware store.

One nice thing about small sports cars: if you flood the carburetor, you can just put the car over your shoulder and burp it.

Wonder if anybody reads the ads on paper match books except wives who are curious about thier husbands' meanderings?

One drawback to improved trahsportation is that there is no longer any such thing as a distant relative.
